

KUDON ISLAND JOINT TRAINING EXERCISE

Location: Kudon Island, Strymia

Scheduled: September 2056 - October 2056

Host: Rilan Delegation

Participating Forces: IDA / Royal Strymian Regiment

PURPOSE

Kudon Island has been designated as the temporary training site for a joint exercise between IDA personnel and the Royal Strymian Forces.

The exercise is intended to improve coordination between both militaries and familiarize participating personnel with combined operations.

TRAINING EVENTS

1. Ground Operations

Units will conduct coordinated infantry exercises focused on movement, communications, and securing designated training areas.

2. JTAC / CAS Coordination

Selected personnel will participate in Joint Terminal Attack Controller exercises, coordinating simulated close-air-support missions with aircraft operating over the training area.

3. Helicopter Operations

Rotary-wing crews will conduct training sorties supporting ground units. Exercises will include simulated helicopter strikes against designated training targets, troop transport, and aerial support.

4. Combined Command Exercises

IDA and Strymian officers will conduct command-and-control exercises designed to establish common procedures and communications between both forces.

5. Final Exercise

The training period will conclude with a combined field exercise incorporating ground forces, helicopter support, simulated air strikes, and JTAC coordination.

OFFICER NOTES

All weapons employment during the exercise will remain under designated training protocols. Live-fire activities, if authorized, will be conducted only within established training areas and under range supervision.

Rilan representatives will oversee the exercise schedule and coordinate access to the island.
